

History of Partners in Education

In November 1997, the Education Committee of the Madison-Morgan County Chamber of Commerce began an effort to revitalize and restructure **its** program. Through this effort the Partners in Education program was formed with a new mission that reflected the committee's commitment to supporting quality education for all students in the Morgan County School System.

A major goal is to help ensure that **all Morgan**

County students are prepared to pursue life in society, the world of work and post secondary educa-

PARTNERS IN EDUCATION

Preparing **our** students to pursue life in society, the world of work and post-secondary education.

WHAT IS PARTNERS IN EDUCATION?

The *Partners in Education* program, or **PIE**, is a voluntary relationship between community businesses and institutional organizations who partner with the Morgan County School System. The program meets the educational needs of children by enhancing school programs and providing students with a real world perspective in the subjects they study in school. Business-sponsored activities such as tours, displays at schools, speakers and special events, assist students in applying what they learn to everyday life experiences.

OUR MISSION

To build an alliance and a mutually beneficial relationship between the Chamber of Commerce, Morgan County Schools, the business community and the community at large that will aid in providing quality education to all students in the Morgan County School System.

PARTNERS IN EDUCATION INITIATIVES

- Annual Retiring Teachers' Luncheon
- Job Shadowing Program
- SAT/ACT Luncheon
- Morgan County Educator Legend of the Month

BENEFITS OF BEING A PARTNER

Benefits to Schools

- Business expertise and technical assistance
- Awareness of skills needed and required by employers
- Adult role models with knowledge not traditionally available in the classroom
